Screw
Machines**

**Expanded
Services**

**Industry
Best Lead-Times**

**50 Years
Experience**

**Highest Quality
Components**

Established in 1973, Midwest Automatic Products started out with a handful of Screw Machines, making fasteners, fittings, bushings and washers. Today, M.A.P. is a full service machine shop that maintains its expertise in turning. We boast experienced machinists and long term customer relationships.

Benefits of using Midwest Automatic Products Services:

Precision: Our precision-driven approach ensures unmatched quality, meeting the exacting standards required by our customers.

Dedication: We go above and beyond to understand and meet your needs, creating strong and lasting customer relationships.

Value: We offer products and services that not only meet the highest standards but are also affordable, ensuring you get the best return on your investment.

AMERICAN MADE MIDWEST PROUD

CAPABILITIES

CNC LATHES

- 2x Doosan Puma 200, 2 Axis, 2 ½" spindle bore with bar feed
- Doosan Puma 250, 2 Axis, 3" spindle bore
- Doosan Puma 280, 2 Axis, 3" spindle bore with bar feed
- Doosan Lynx 200B, 2 Axis, 2" spindle bore with bar feed
- 2x Doosan Lynx 210A, 1 ¾" spindle bore with bar feed
- Samsung SL2000BSY, Live Tool, 2.5" spindle bore with bar feed, 8" Primary Spindle, 6" Secondary Spindle
- Hyundai L2600SY, Live Tool, 3.2" spindle bore with bar feed, 10" Primary Spindle, 8" Secondary Spindle

CNC MILLING

- Daewoo DMV 4020 Vertical Milling Center, 20" x 40" Bed
- NMV 106A Vertical Milling Center, 20" x 40" Bed
- Brother TCS-2A High Speed Drilling & Tapping Center w/ 5C Indexer
- Bridgeport Mill with digital read-out

**We take pride in our mastery of
Screw Machining - a testament to our
dedication to traditional craftsmanship
enhanced by modern technology.**

AUTOMATIC SCREW MACHINES

- 10x 6 Spindle Screw Machines, 1/4" to 2 1/4" diameter

SAWING

- Amada 2500 Automatic, bar cutting to 14" diameter
- Cosen C-420NC Automatic, bar cutting to 16.5" diameter Screw Machining

INSPECTION

- Fowler-Trimos V4-700 Digital Height Gage
- Deltronic DC 114 Optical Comparator with Digital Readout
- Full compliment of gage pins, mics, calipers, depth and bore gages.

MISCELLANEOUS

- Hydraulic press
- Basic Assembly

PARTNERSHIPS

- Heat Treat
- Plating
- Grinding
- Production Welding
- Bending/Forming
- SWISS Turning

What sets Midwest Automatic Products apart?

Midwest Proud

Our roots in the heartland of America shape our work ethic and commitment to excellence.

Quality Control

Rigorous quality checks ensure that every product meets our high standards.

Customer Service

Our team is dedicated to understanding your needs and exceeding your expectations.

Choose Midwest Automatic Products – where precision meets reliability, and craftsmanship celebrates American spirit. Contact us today to discover how we can bring your designs to life with impeccable accuracy and quality.

Beyond CNC and Screw Machining, we offer a variety of other services including finishing, assembly, and packaging. We provide end-to-end solutions, delivering finished products ready for market.

As an American manufacturer, we're proud to contribute to the strength and resilience of our nation's economy. Choosing us means investing in quality American-made products, supporting local jobs, and promoting sustainable manufacturing practices.
